60 MINUTES ASSEMBLY

Of high energy and interactive assembly that sets the tone for growth mindset, it creates a link between famous successes and the hard work they put it, painting the picture that success is accessible for all.

STORY VS. GLORY

The media rarely takes us behind the scenes of a famous success therefore we walk around think that they are super humans and we're just mere mortals. We are shown the glory, the award ceremony, the millions of views on their videos, but we rarely do we get to see the gory side their glory.
